

■ USB 3.0 Express ST1

Increase your productivity with the new Express ST1. This compact, retractable USB 3.0 drive hides ONFi 2.0 double data rate flash inside to give you 90MB/s read and 16MB/s write performance, making it perfect for showing animated presentations, playing Blu ray quality videos or working with any other large file formats. When retracted, our new design helps identify itself as a USB 3.0 device with the USB 3.0 standard blue color in the center. Offering a black or white exterior and in either 4GB or 8GB capacities, the Express ST1 is light on your wallet and in your pocket.
